

## ORANGEMEN PARADE TO DIVINE SERVICE

Rev. Robert Pearson  
Addresses  
Orangemen in Grace  
Methodist Church,  
Carry Out the Principles of Their  
Constitution. Which  
are For  
Tolerance.

The Edmonton Orangemen gathered at the organ of the church yesterday morning where a special sermon was delivered by Rev. Robert Pearson, B.A., twice a year the Orangemen attend divine service in a church on Sunday evenings, the meetings being on July 26th and November 3rd, the former date of the Orange Order, and the latter the date of the anniversary of the gunpowder plot by the discovery of which.

"The truth shall make you free," John S. 32, was the text chosen as a basis for an eloquent discourse by the Orange order. A companion text was Matthew 10, "Thy Kingdom come. Thy will be done."

M. Alton held services here Sunday in the absence of our regular minister, Rev. Pearson.

### RED DEER.

Bulletin News Service.

On Monday two carloads of Ontario apples arrived at the depot and there was a good demand for them at \$6 per hundred number ones and \$8 for number twos.

The town is at the height of the season of a harvest party.

In remembrance of such a nature was common to the nations of old time.

The Jews have had their special feast day, the Romanians their holiday, to keep in mind the great event of the Fourth of July.

The United States has its Fourth of July and Canada its Dominion Day.

Some time ago there was the Battle of the Boyne River worthy of commemoration. If it were not, the British historians were worthy of commemoration.

Like the Battle of Plassey and that of the Plains of Abraham, it was in the annals of fame, not for the number of men engaged or the number of dead, but for the cause that was settled.

It was great because it freed Britain from absolute rule.

Living as it was for a representative government, it was hard for the citizens of the Empire to accept the results of the government's inaction.

The doctrine of divine right of kings is the most popular of all theologies.

A quadrille club has been formed for the winter months; a number of the young people of the community are members.

On Monday last a very interesting paper was read by Mr. Hacking of the Young People's Christian Endeavor society of the Presbyterian church.

**MONDAY, NOVEMBER 1, 1909.**

The suffragettes have taken to  
throwing eggs into trains. They  
are doing it to seem to make many new chances of making them-  
selves ridiculous and their cause un-  
popular. Tactics of this sort have  
hindered many a good cause but  
never carried one to success. They  
think that if they can get into  
skirts are no more respected  
likely to be treated in pretty much the  
same way. Women who persist in  
abandoning the behaviour of ladies  
need not wonder if the public and  
the law takes them at their own val-  
uation.

The Unionists were in Bernières,  
thanks to a Socialist candidate whose  
votes would otherwise have gone to  
the Liberals. Although the political  
factories found that 400 more people voted for  
the budget than against it, Bernières  
say being a variable constituency this  
seems to indicate a substantial plus  
in opinion in favor of the new pro-  
tectionist budget. They had  
the danger of the Conservatives, so much from its enemies as its allies.  
If those who favor the budget allow  
their forces to be divided at the  
Unionists can come into power  
and on the demand of that minor-  
ity, consisting largely of "interes-  
ted" persons, to afflict the whole na-  
tion with a tariff.

"Alberta Bell" again won the first  
prize at the Day Farming Con-  
gress, and Exposition at Billings,  
Montana. It seems to be getting in  
the habit of doing such things.

The Legislature is trying to  
stir up its readers to good works by saying  
"Visitors to Edmonton remark on the  
beautiful tree-lined valley. It is  
surely not impossible in time and  
with a little effort on somebody's  
part to transform our river terraces  
into park-like facilities. What a  
'tringe to a beautiful city as viewed  
from the bridge."

One of F. C. G.'s cartoons in the  
Westminster Gazette represents the  
Marquis of Lansdowne as Hamlet living this soliloquy—

To pass, or not to pass, that is the  
question,  
Whether 'tis nobler for the Lords to  
suffer  
The ills we have, or take arms against the hideous  
thing,  
And by opposing end it—

But that the dread of that which  
we know not, is not greater than the  
"going to the country" from  
where 'bourn  
Few furies may return, pulses the  
will to live,  
And makes us rather bear the ills we  
have  
Than by others that we know not—

Sooner or later the Winnipeg Tele-  
gram was bound to turn the Saskatchewan  
Centennial project into a shyster企  
for the Conservative party—  
try to. It undertaken the job the other  
day, said some. This is what  
he does to the Federal government's  
refusal to commit itself until  
the attitude of the Western provinces  
had been specifically defined, he gave  
to the reply of Saskatchewan and  
Alberta a peculiar significance.  
It is a very safe guess that he will  
lose his position before the Government  
at Ottawa and the Government  
of Saskatchewan and Alberta that  
the latter have been induced to  
furnish their friends at Ottawa with  
a reason for the necessary support. That is a  
suspicion which may or may not be well founded." The reasons are  
readily multiplying to prove that  
Premier Rutherford was well-advised  
to let the Western provinces do the  
debate. The quotation adds one more  
to the list. If the Telegram and its  
friends have prepared the Centennial  
project as a deadfall for the Ottawa

Government it is their own high duty  
and privilege to put up the cost of  
the contrivance. Or if the Telegram's  
plan is only to divert political pur-  
suit to a project which originated in  
Alberta's speech and with other names  
of Alberta, ought to be the same. If  
one of her money has been pledged  
to it. If the Canadian press through  
its sympathy with the "support" of  
the Telegram it should be strong  
enough to live forever when it reaches  
full development.

**AN UNNECESSARY BURDEN.**

There is a vast difference between  
the policy of guaranteeing railway  
boned by the Alberta Gov-  
ernment and the policy embodied in  
the McRae-McLennan plan to  
guarantee the bonds of Canadian  
sham. The Alberta Government  
guarantees the bonds of branch lines of  
railway. The British Columbia Gov-  
ernment proposes to guarantee the  
boned of the main line of  
a transcontinental system. The  
bonds guaranteed by the Alberta Gov-  
ernment are required to provide facili-  
ties for trade and travel to settlers  
who have gone into districts lying  
back from existing lines of rail-  
way and to help to build up the north  
country which has already  
assumed tremendous proportions. The  
line to be guaranteed by the British  
Columbia will for most of its length  
traverse a country in which  
settlement is slow and the  
people of the south are well acquainted  
with the needs for Lethbridge. He  
is also slated for the cabinet. It is  
believed that a department will  
be created for the telephone system,  
and that this department will  
be responsible for the telephone  
system of the south as well as the  
minister for Lethbridge. He  
is to be the minister for the  
Lethbridge Herald, one of the most  
progressive dailies in the province.  
He goes into the cabinet without  
portfolio. Mr. Lessard, the member  
of the legislature for Lethbridge,  
has made a decided "hit" and one which  
the press and people of the province will comment.

**CORRESPONDENCE****THE C.P.R. AGREEMENT.**

**Editor's Bulletin.**—It is surprising that so little  
attention has been given to the  
proposed C.P.R. agreement. This  
may indicate either apathy or want  
of fully affecting the city, or it may  
be due to the fact that the public  
is so bad that it must of necessity  
be set down. Which is it?  
Grand Trunk Pacific was proposing to  
come into Edmonton. It could not help  
coming in. The people were  
so anxious—so anxious—  
to secure what was already  
available for the elevation of the  
city to the cabinet of the  
Lethbridge Premier Rutherford was  
able to make a decision and  
had a definite answer. The  
Committee was sitting here. Mr.  
McRae Scott, the chairman, said that  
they had not yet been able to  
make up the city damages to property  
owners for the giving away of  
Twin Butte. The judge of the  
jury to make an order that effect.  
They gave away streets to  
a rail road company. They directed  
that the railway board of the future  
will help us to get them  
again when we want them.  
We attended the growth that will  
make the closing of such streets seem  
as foolish as foolish as Twin Butte Street—Young, etc.  
CITIZEN

Edmonton, October 30.

**NOT Guilty of Manslaughter.**

**Winnipeg.**—Oct. 30.—John Intr.  
charged with manslaughter in con-  
nection with the death of his infant  
of Mr. and Mrs. Paul Jarasz, as  
had been decided by the jury yesterday afternoon. The  
charge of the judge was in favor of  
general defense and to charge tolls for  
the services of the company and agreements with  
other companies. Dated at Ottawa this seventh  
day of September, 1909.

**THE NEW MINISTERS.**

**CONFESSED TO MURDER.**  
Expect to Get from Five to Fifteen  
Years as Result.

New York, Oct. 30.—At the congre-  
gation at 11th Street yesterday, Fred-  
erick Gehlhard was formally charged  
with the killing of Anna Kainz, and  
held for examination by the grand  
jury. He was then conveyed to the  
city jail, where he will be confined  
until the trial date, when he will be  
tried in the Grand Jury.

Mr. Gochman asked it six  
wished to see her husband or wished  
him to see the children. "I wish  
nothing to do with him. I have  
had enough of him," she said. Gehl-  
hard expects to get from five to  
fifteen years as result. "I have  
confessed and saved the country a lot  
of money and expect to get something  
more than fifteen years," he said.

**A REMARKABLE OPERATION.**

Pieces of Bone From Leg of Dog  
Grafted Into Man's Leg.

San Francisco, Oct. 30.—Sixty-  
six pieces of bone taken from the leg  
of a dog from a public pound, and grafted  
into the tibia bone of Joe S. Riley, 31,  
an amputation through one of the most  
remarkable surgical operations ever  
performed.

Dr. Arthur B. Nelson, who per-  
formed the bone-grafting operation,  
said Riley had been walking about  
a short time Riley will walk on  
the Winfield hospital as strong as  
ever.

The operation was performed five  
weeks ago.

Court of the Empire has held that  
cremation is illegal in Austria. The  
decision holds that it is opposed to  
the Christian idea of burial.

weeks ago.

## How Many Men will be Employed by the Grand Trunk Pacific Railway Company in Edmonton?

A great many different estimates as regards the number of men who will be employed by the Grand Trunk Pacific Co., have been given. Some say as many as 3,000, others say at least as many as the C. P. R. employ in Calgary, or about 1,200, other estimates are 600 etc., but to figure on a sure conservative basis it is not reasonable to suppose that at least 250 men will be employed? Supposing that only 250 is the number, statistics will bear us out in stating that every two working men give employment indirectly to a third, in which case, this very conservative estimate increased by 125, making a total of 375 men who must live near the G. T. P. shops. 375 men should represent at least four times that many people on a total of 1,400 of a population. How many towns in Alberta have 1,400 or more of a population? A very small percentage of the whole.

The lands will be offered for sale in  
small plots, from 10 to 100 acres, and  
the balance in annual instalments with  
interest at 5%.

Accepted cheques will be taken in lieu  
of cash.

Realize Calder's possibilities as  
an investment if this argument is  
reasonable.

Remember the Calder sub-  
division is only half a mile from any  
part of it to the roundhouse and shops

From the nearest corner of Cal-  
der, it is only a stone throw to the  
roundhouse which is more than half  
completed.

Consider that you can still purchase  
large lots, 50 x 125 feet, in this sub-division  
at the price of \$150 and that only \$50 is all  
that is required to handle it for one year, the  
balance is payable in 1 and 2 years at 7%.

### Remember

that G.T.P. men are buying in Calder, that contractors are buying in Calder, that already a dozen buildings are in course of construction in Calder, that Calder was offered for sale for first time on Sept. 20, '09. Can you lose by buying at first prices.

### Calder

Offers an opportunity for safe investment in Edmonton that has had  
no equal for the last three years.
